## **Rotary Youth Leadership Awards**

The Rotary Youth Leadership Awards is one of the most significant and growing programs of the Rotary service. Each year, thousands of young people take part in the program worldwide. Each year, over 100 young people who have just completed their junior year in high school are invited to take part in the RYLA camp at Granlibakken Conference in Tahoe City. Participants spend a week in a challenging program of discussions, inspirational addresses, leadership training and social activities.

This program is open to juniors. The applicant should have completed their junior year before attending. The program takes place in mid-June.

The Rotary Club pays for the camp fees and they also provide the transportation.
